After the Great Fight.

The Principals Both Leave New Orleans.

OPINIONS OF THE BIG BATTLE.

It Seems That Kilrain Was Not in the Proper Condition to Fight—Muldoon Does Not Want to See Any More Ring Fighting—Other Comments.

NEW ORLEANS, July 10.—Sullivan, Muldoon and Cleary are still at their old quarters on Rampart street. Sullivan and Cleary drove to Spanish Fort late yesterday afternoon, and while returning stopped at a friend's on Esplanade street, and Sullivan drank quite freely. At 9:30 yesterday evening Sullivan was presented at the gymnastic club with a horseshoe of flowers, and made a very brief speech of thanks. He reached his rooms at 9:45 very much under the influence of liquor. Four policemen stood outside to see that he did not do any damage. It is said that Sullivan and Cleary starts for New York to-day on the steamship Hudson. It is not known whether Muldoon will go with them or not.

Kilrain did not seem to be feeling the effects of his punishment much. There are queer rumors about him. After arriving at the club house Monday night he vomited a greenish substance, some of which has been kept for analysis. It is learned that for some time previous to the fight he had been taking medicine for some ailment. Dr. Dougherty, of Philadelphia, was treating him. The doctor says it was for a "boil." Some of the members of the club say that if they had known this they would never have invited Kilrain to be their guest.

Mike Donovan says he knew nothing about it previous to the fight. There seems no doubt that Mitchell knew it. Professor Robinson, trainer at the Southern Athletic club, who saw the fight, alleges that it was a hippodrome. He says Sullivan could have ended the fight any time. The men seemed to have an understanding. While all agree that Kilrain was in no condition to fight, few agree with Professor Robinson's views.

Kilrain was treated rather coolly at the club yesterday morning before he left for Galveston. Sullivan and his party left at 4:30 p. m. for home, via the Queen and Crescent route.

Marsh Redon has deposited \$100 to make a match between Lemuel McGregor, the "St. Joe Kid," and Jack Fallon, of Brooklyn, for \$1,000 to \$5,000 a side, in November, within 200 miles of New Orleans.

William Muldoon, Sullivan's trainer, said of the fight: "I think it was the greatest fight that ever took place between heavy-weights. Sullivan could have fought two hours longer if necessary. He reserved his strength by my advice. I consider Kilrain the best heavy-weight fighter living, next to Sullivan. He is game and determined, and had he fought on his own judgment and not on the cowardly and tricky advice of the men behind him, he would have won admiration. Sullivan was not a bit tired nor injured. I have always wanted to prove to the public that he is a natural born fighter, and could fight a long and scientific battle if properly handled. Now that I have done that, I am through with ring fights. I think boxing a grand exercise, but ring fighting is too brutal, and I want to see no more of it."

In an interview last night Charles Mitchell said: "I made the mistake of overrating Kilrain. In his fight with Jim Smith he did some good work and I thought he would improve it, but he did not, and that is all there is about it. Donovan threw up the sponge to save him further punishment. He had no chance of besting Sullivan. Kilrain is a plucky and game fighter but he was outclassed."

Desperate Shooting.

ANNISTON, Ala., July 10.—Capt. Stallings, of the police force yesterday shot and killed William Pelham. The two men had some dispute on Saturday last which ended by Pelham being badly beaten by Stallings. Yesterday they met on the street and Pelham fired two shots at Stallings, who then drew his revolver and shot Pelham dead.

Bathing Master Drowned.

LONG BRANCH, N. J., July 10.—William Kirby, one of the assistant bathing masters here, was drowned yesterday afternoon while attempting to save the life of William Hirsch, of New York, who had got beyond his depth while bathing. Kirby's body has not been recovered. Hirsch was brought ashore in an exhausted condition.

Charged With Swindling.

SARATOGA, N. Y., July 10.—Charles E. Whitney, representing himself as president of the Commercial Travelers association, has been arrested, charged with swindling a physician, by pretending to employ him as medical adviser to the association, and requiring him to pay for notices sent to the members.

A Valuable Franchise.

NEW HAVEN, CONN., July 10.—The Derby railroad, between this city and Ansonia and Hawleyville, has been leased for ninety-nine years to the Housatonic railroad, giving the latter an entrance to this city and connection with New York by the Star-in line of steamers.

Relief for Johnstown.

PHILADELPHIA, July 10.—A car load of canned fruits and wines donated to the Johnstown sufferers by the citizens of Los Angeles, Cal., was sold at auction here yesterday and \$1,212 realized. The money will be turned over to the Johnstown relief committee.

A CABLE COMBINE.

The Mackay-Bennett and French Companies Amalgamate.

HALIFAX, N. S., July 10.—The management and operation of the French cables from Sydney to St. Pierre, and thence to France, has been taken over by the Mackay-Bennett company. George C. Ward, the Mackay-Bennett New York manager, is now in Nova Scotia superintending the amalgamation.

The French company's land lines from Louisburg, where the cable landed, to Sydney, have been dismantled, and the cable steamer Ponnyer-Querties has laid a new cable from the main stand at Louisburg to Fox island, Canso. From Fox island to Hazelhill, Canso, the cable station of the Mackay-Bennett line, the distance is four miles. The Mackay-Bennett offices and the landing place of the French cable are connected with "a French cable"—that is, a cable buried in a trench four feet deep or under water.

The Mackay-Bennett and French companies have entered into an amalgamation which will be a rival in the cable pool. They have, it is said, formed connections with the Canada Pacific telegraph system and in a few weeks the Canada Pacific land lines will have completed connection with the cables at Canso. In order to have another independent connection with the United States a new cable is to be immediately laid between Canso and Boston.

MEMPHIS COTTON TRADE.

Board of Trade Committee Claims That Railroads Discriminate Against the City.

MEMPHIS, Tenn., July 10.—Great dissatisfaction has arisen among the cotton men of Memphis on account of the establishment of compresses at various points in the interior, which draw away cotton that would otherwise have come here. The railroads, and more particularly the Chesapeake and Ohio, have been charged with the responsibility for this state of affairs because they have made rates to the east from these interior presses as low or lower than those made from Memphis.

Formal expression was given to this discontent Monday afternoon, when the "trade committee" of the Cotton Exchange petitioned the legislative municipal council of Memphis to curtail the privileges granted the Chesapeake and Ohio road within the city limits. As cotton is the backbone of Memphis trade, it is not unlikely that the council will bring whatever pressure it can to bear on the railroad. A lively fight is expected.

Liquor Legislation.

PROVIDENCE, R. I., July 10.—The general assembly was convened in special session yesterday to enact a law to regulate the liquor traffic. A special committee was created to report July 16 on a liquor law. In the house a license law was introduced including among its provisions local option, with the license to manufacture or sell fixed at not less than \$1,000; the retail license at not less than \$200, and a general increase of \$50 in the former licenses. The assembly adjourned to July 16. A motion to hold the adjourned session at Newport was defeated.

Probably Gone to Canada.

BOSTON, July 10.—A special to The Journal from Cole Brook, N. H., says that Elmon H. Williams, formerly a successful business man of that place, has left town, and his business is in an unsatisfactory shape. From \$75,000 to \$80,000 is said to be out, with alleged fraudulent endorsements on some of it. It is also alleged that the burning of the records at Lancaster, N. H., gave him an opportunity to place second mortgages. His transactions were principally with banks in Maine, New Hampshire and Vermont.

More Signers to the Scale.

PITTSBURG, July 10.—Four more iron firms have signed the Amalgamated wage scale. Oliver Brothers & Phillips, three iron mills and one steel plant, employing over 3,000 men; J. Painter & Sons, Moorhead Brothers & Company, and Union Rolling Mill company, of Cleveland, O. The mill committee of the steel department of the United States Tin Plates works were in conference with the firm yesterday. The latter will probably sign the scale to-morrow.

Thought it was an Earthquake.

TARRYTOWN, N. Y., July 10.—The buildings of this town were violently shaken yesterday, as were also the buildings in the adjacent villages, by a terrific explosion. The shock resembled an earthquake. The disturbance was caused by the blowing up of the Rand Drill company's powder house. No one was injured, and but little or no damage was done to property.

Fears of a Lynching.

SPRINGFIELD, Mo., July 10.—William Miles, who killed Sheriff Bronson, of Taney county, and Deputy Funk, on July 4, surrendered to the sheriff of Green county yesterday, at Springfield. He is to be tried Monday for the killing of Capt. Nat. Kinney, the Bald Knobber leader. Great excitement prevails in Taney county, and it is feared that Miles will be lynched.

Murdered for Insurance Money.

WILKESBARRE, Pa., July 10.—Startling revelations are being made in the insurance murder cases at Pittston. The bodies of Mr. and Mrs. McGlynn were exhumed yesterday, and a chemist has found arsenic in the stomach of the woman. The other body has not been examined. Edward McGlynn, son of the murdered people, and his wife are still in jail.

PITTSBURG, July 10.—One hundred men, some skilled and unskilled, will be taken up to Carnegie's homestead mill early in the morning to take the place of the strikers. As the strikers are in very bad humor trouble is feared.

Relief of Johnstown.

Report of the Pennsylvania Relief Commission.

COST OF OPENING THE RIVER.

Where the Money That Has Been Paid for the Relief of the Sufferers Has Gone to—The Amount Still Unpaid—A Disagreement.

CRENSON SPRINGS, Pa., July 10.—Governor Beaver's state relief commission met here yesterday afternoon. The state officers at Johnstown and the Johnstown finance committee were in attendance. The wreck at Wilmerding station, on the Pennsylvania railway, and the refusal of the conductor of the limited to carry the state officers occasioned annoying delay. Quartermaster Hill presented his report of disbursements for relief of sufferers as follows:

Commissary department, \$29,397.98. Bureau of inspection, \$637.86. Adjutant general's office, \$262. Medical department, \$1,038.67. Department public safety, \$6,166.80. Quartermaster general's department, \$8,633.23. Department of valuable, \$537.30. Total disbursements for reopening Conemaugh river and highways, \$172,269.33.

Bills yet due on account of works, \$10,137.70. The money for cleaning rivers and highways was paid out of the state fund. The money for relief of sufferers was paid from the government's fund. Since June 12, Contractors Ridge gets \$9,168.46; McKnight, \$33,792.73 for state work and \$8,119.76 for relief work. An account of \$7,820.56 is still unpaid. McKnight and the state time keepers disagree on the statement. McLain & Company, of Philadelphia, receives \$34,607.10.

FLOOD DAMAGES.

New York Visited by a Heavy Rain Down-fall.

ALBANY, N. Y., July 10.—A special from Johnstown, N. Y., reports that a heavy rain has been falling since early yesterday afternoon. The downpour caused the Cayadutta creek to become a raging torrent, which soon burst its bounds. The dams gave way, being unable to stand the enormous pressure. On swept the torrent, taking with it the several skin factories along its banks, valued at many hundreds of dollars. A number of buildings and outhouses were also swept away.

The Fonda, Johnstown and Gloversville railway loses some seven or eight bridges. There was another bridge crossing the creek, and on it viewing the flood were some thirty or forty people. The torrent with increased power tore the bridge from its foundations, hurling them into the seething flood beneath. At this writing it is impossible to ascertain the number saved, but it is believed that many of them perished.

At Fonda, the Central Hudson railway bridge was carried away almost bodily, taking with it the telegraph wires so that it is almost impossible to hold communication between Fonda and the surrounding towns. The electric light works, situated a short distance from Johnstown are flooded and the town is without light. Information received here from Fonda is to the effect that the water is some three feet deep in the streets. Rain is still falling.

Dispatches received by the Central Hudson railway officials in this city from Fonda contained but meager information. They do not vary in the main from the above. Trains from the west are considerably delayed in consequence of the flood.

TRUE LIGHT BAPTISTS.

A New Religious Sect Makes Its Appearance in South Carolina.

COLUMBIA, S. C., July 10.—The Southern Christian Advocate describes a new religious sect which has appeared in Sumter and adjoining counties in the eastern part of the state. It was founded some years ago by a former Methodist named Boyle, his followers calling themselves "True Light Baptists." They are, however, now known as Boyleites. Their ranks are recruited from among the most ignorant classes. They are not very numerous.

It is hard to tell just what their belief is, but some of its features are that there must be no paid ministry, but all members who feel called on to preach do so voluntarily, including women. They believe that they alone are God's true followers, and that they alone will be saved. They reject the Old Testament, and such parts of the New Testament as fails to support their doctrines. They do not observe the Sabbath, declaring that it was abrogated along with the Levitical law. They believe in social equality of the races, in immersion, and in the damnation of infants of non-Boyleite parents.

Managers of the Soldiers Homes.

BOSTON, July 10.—A quarterly meeting of the managers of the National home for disabled soldiers, was held here yesterday. Leonard A. Harris, of Cincinnati, presided, in the absence of Gen. Franklin. Only routine business was transacted. After the meeting the board went to Gardiner, Me., to inspect the eastern branch of the soldiers home. The party consisted of ex-Governor Martin of Kansas; Col. John L. Mitchell, of Milwaukee; Gen. John C. Black, of Illinois; ex-Governor Hart-ranft, of Pennsylvania; ex-Senator Sewell, of New Jersey; Gen. Martin T. McMahon, of New York; Gen. T. W. Hyde, of Bath, Me., and Maj. J. B. Birmingham.

STRUCK BY THE BOOM.

A Woman Knocked From a Vessel and Drowned at Galveston.

GALVESTON, Tex., July 10.—Tuesday an accident occurred in the channel between Kuhn's and the government wharfbank by which Mrs. Amelia Bishoff lost her life. The small sloop Philosophy, under command of Capt. H. Walkan, rounded out of the slip between Kuhn's and Central wharfs. Sitting on the cabin were Mr. and Mrs. Bishoff, who resided in Bolivar, about fifteen miles from here. While hoisting the mainsail the wind caught it, sweeping the boom across the deck of the vessel. Mrs. Bishoff was struck by the boom and knocked overboard. The captain and husband both did nothing toward rescuing the woman.

There were perhaps forty or fifty persons standing on the wharf to see the finish of the yacht race at the time the accident occurred, and yet somehow no well directed efforts were made to save the woman until Philip McDonald jumped overboard from the lighter Besie and swam out, only to see the woman sink just before he reached her. Late yesterday evening the body was recovered and an inquest was held. The Philosophy is the same vessel in which old man Phillips was so mysteriously murdered two or more years ago.

BROODED OVER HIS TROUBLES.

A Triple Tragedy Takes Place Between Colored People of Pittsburgh.

PITTSBURG, July 10.—The triple tragedy that occurred at 2 o'clock yesterday afternoon at No. 5 Arthur street, occasioned much excitement in that quarter of the city. Richard Lewis, the murderer and suicide, was a plasterer by trade and boarded with Mrs. Mosby, a young widow, with two children, and her sister, Miss Emeline Meyers. As Lewis entered the house he remarked upon the heat and passed through to his own apartment in the back part of the house. He then called to Mrs. Mosby, who responded at once. Just as she reached Lewis' room he shot her through the heart, killing her instantly.

Miss Meyers ran to the room and was shot by Lewis just as she reached the door. The shot passed through the woman's body, inflicting fatal injuries. The murderer then sent a bullet through his head and fell dead in his tracks. All the parties are colored. Lewis has frequently insisted upon Mrs. Mosby marrying him. Sunday evening Lewis plead his suit with Mrs. Mosby more vehemently than ever. Mrs. Mosby ordered him to stop and not renew the subject. This resulted in a quarrel and since then Lewis has been brooding over his troubles.

THE Bourbon News says the disappointed Republicans must be rewarded and that David G. Colson will probably be appointed a Government Storekeeper after he fails to be elected State Treasurer next August. This is pretty hard on David.

THE news has reached Washington City that the newly appointed Collectors in this State are fairly overrun with applicants for positions, and Secretary Windom is said to be chuckling quietly to himself over the reports. Cause why? These same Collectors were doing their best a few weeks since to make life a burden to him.

THERE is promise of an interesting contest for the office of State Superintendent of Public Instruction when the time arrives to select a successor to the present efficient incumbent. Several Democrats have already signified their intention to enter the race. Among the latest is Rev. G. C. Overstreet, of Taylorsville. Wouldn't it be a good idea for these aspirants for state offices to keep themselves in the background a year or so longer?

THE Winchester Sun, a staunch Republican paper, before the State Convention of its party last week, advised that no nomination should be made, because an overwhelming defeat is necessarily awaiting them in August. The Sun thinks the only result will be to boost some small fry politician into a Federal office. Our enterprising Winchester contemporary is the most candid Republican paper we know of. Hasn't it correctly sized up the situation in the Republican camp?

THE Frankfort Capital sends out as a supplement this week a copy of the present constitution of Kentucky, together with the official vote adopting the same. The constitution was adopted in 1850, by a majority of 51,351, the vote of Mason County standing 1,380 for to 238 against it. Peter Lashbrooke was this county's member of the constitutional convention.

IT is this constitution that the progressive people of the State have been trying to revise for years. The question of calling a convention for that purpose will be voted on again at the coming August election. Both parties favor the move, and the people should settle the question by voting for the convention.

OUR NEIGHBORS.

HELENA.
Frank Higgins is convalescent.
Tobacco is coming in slow this week.
Thomas Best left for Cincinnati Tuesday.
Farmers all busy threshing their wheat this week.
Mrs. Harriet Cook, of Millwood, is on the sick list.
Jeff. Henry, representing Hill, Smith & Co., of Cincinnati, was here Tuesday.
A great many of our young folks contemplate going to High Bridge Sunday.
A great deal of sickness in the neighborhood, so says Drs. Peck and Good.
Mr. Tolle, of Orangeburg, is visiting his grandfather, Miss Lizzie Harrison.
There will be services in the M. E. Church Sunday afternoon at 3 o'clock, by Mr. Spears, of Mayslick.

The quarterly meeting of the M. E. Church, South, for this circuit was held Saturday and Sunday, at Woodward's Chapel.
The first Monday in August is "city election day," and while voting for Councilmen and Mayor don't forget to vote for street lamps.

We see in the Chronicle that Hon. T. M. Dora has signified his intention to be a candidate for County Judge in 1890. It's a long ways off, but we wish you success, Judge.
Miss Ida Asbury, a beautiful young lady and well known in this city, was married at Aberdeen Saturday evening to Mr. James Poe. They were accompanied by W. L. Woodward and Miss Nettie Moran.

Elder Campbell, State evangelist for the Colored Christian Church, is conducting a very interesting meeting at their church. Large crowds attend nightly, a large proportion being whites, who pronounce him an excellent divine.

Little Miss Anna Cooke entertained a few of her many friends at her lovely home, "Rosebower," near here last Saturday afternoon, the occasion being her eleventh birthday. Among those present were Misses Mary Pogue, Suddie and Minnie Norris, Laura Lloyd, Maggie Curran, May Mannen, Beatie Cooke, and Masters Frank Erwin, Cushman Mannen and others. Music, croquet, hammock swinging and other lawn sports gave diversion until 6 o'clock, when all repaired to the dining room and partook of a delightful lunch, and departed for their homes, after wishing their graceful little hostess many happy returns of the pleasant day.

Babies of the World.

It has been computed that between 36,000,000 and 37,000,000 of babies are born into the world each year. And it will probably startle a good many persons to find on the authority of a writer in the hospital that could the infants of a year be ranged in a line in cradles seven deep they would go round the globe. We have the ingenious conclusion also that supposing the little ones to grow up and the sexes to be about equally divided, we should have an army a hundred times as large as the forces of the British empire, with a wife in addition to every soldier. The same writer looks at the matter in a still more picturesque light. He imagines the babies being carried past a given point in their mothers' charge, one by one, and the procession being kept up continuously night and day, until the last comer in the twelvemonth has passed by.

A sufficiently liberal rate of speed is allowed, but even with these babies in arms going past twenty a minute, the reviewing officer would only have seen a sixth part of the infantine host file onward by the time he had been a year at his post. In other words, the babe that had to be carried when the work began would be able to waddle onward itself when a mere fraction of its comrades had reached the saluting post; and when the year's supply of babies was tapering to a close there would be a rear guard, not of infants, but of romping boys and girls. They would have passed, in fact, out of the maternal arms into the hands of the school teacher. Every moment of nearly seven years would be required to complete this grand parade of those little ones that in the course of a twelvemonth begin to play their part in the first age of man.—Leeds Mercury.

The Evolution of Tall Men.

In a lecture delivered at the Royal Institute by Professor Flower on the "Pigmy Races of Men," he referred to the curious fact that the "tallest and shortest races in Europe are respectively the Norwegians and the Lapps, living in almost the same region. In Africa, also, the diminutive Bushmen and the tallest race of the country, the Kafirs, are close neighbors." These facts indicate that climate, soil and other physical conditions have but small influence on human stature, and suggest the question whether it is due to social or moral agency. The comparative history of the Lapps and Norwegians indicates that it may be so. The Vikings were always a fighting race; the Lapps certainly are, and so far as we know, always have been, an exceptionally peaceful people, and the Esquimaux, with whom they are so nearly connected, are the same. The Lapps live on the snowfields of Norway, and the Esquimaux on the bitterest parts of the arctic regions, just the places to which the weakest would be driven by conquerors who have appropriated the more fertile regions. The consequent hardship and semi-starvation would probably stunt the growth of the weaker people, while, on the other hand, the conquering warlike race in the days of hand to hand fighting with outsiders, and struggling for chieftainship would be continually killing off the feeble, and multiplying the big men by the "survival of the fittest" for such conditions of mutual murder striving.—Gentleman's Magazine.

Got Even with Her Husband.

The other day a Portland lady ordered spring chicken for dinner, without inquiring the price. It proved to be sixty cents a pound, and her husband sarcastically expressed his discontent. The next day an order was left with the family grocer for some cucumbers to be sent to the same house. The grocer telephoned to the lady that cucumbers were small and sixty cents apiece, inquiring if she wanted them at that price. "Yes," was the reply. "Send them up; I don't care if they are a dollar apiece. My husband ordered them."

Indian Moccasins.

The shoes or moccasins worn by the North American Indians are nearly alike in their general structure. The moccasin, a slipper made of soft deer skin, without a heel, is common to nearly all of them. Many of them have leggings either detached or connected with the moccasin or shoe so as to form a boot.

Some of the Indians ornament their moccasins with beads, quills or embroidery. Among the southern Indians, where no protection is needed from the cold, a shoe is made consisting simply of a sole of thick hide bound on the feet by thongs.

Among the Apaches an odd attachment is found on the boots or moccasins. This is a little projection of the sole in front of the toes, generally made in the shape of a little round pad. This is called a cactus crusher and has its purpose. When the Indian walks through growths of prickly cactus the crusher beats down the prickles in front of his foot. Some shoes of odd form, with elongated heels and toes, are used among the Navajos and other southern tribes in their dances and ceremonies.—Washington Star.

It Makes a Difference.

It is told of the present czar with that one day, reading "The Lady of the Lake," he came to the line, "Long live the common king, King James!" and exclaimed, with sparkling eyes: "Yes, the kind of the common people! That is the only king of a king that I would care to be." His father used to make such remarks, too, before he came to the throne, not since.—San Francisco Argonaut.

OFFICERS OF ELECTION

The List Named by the County Court. Several Constables to be Chosen.

An inventory, &c., of the personal estate of Frances Cobb, deceased, was filed in County Court and ordered recorded.

Vacancies in the office of Constable were noted in Maysville precinct No. 2, Minerva precinct No. 4, Germantown precinct No. 5, and in Murphysville precinct No. 11, and it was ordered that the Sheriff cause a poll to be opened the 1st Monday in August at the regular voting places in said precincts for the purpose of filling said vacancies.

Officers of election for the regular election to be held Monday, August 5, 1889, were appointed as follows:

Maysville No. 1—Jacob Miller and W. Vio-roy, judges; C. G. Cady, clerk; James Redmond, sheriff.
 Maysville No. 2—T. J. Pickett and James H. Rains, judges; W. C. Sadler, clerk; Thomas Stephens, sheriff.

Personal.

Miss Lizzie Trouts is visiting at Cincinnati.

Miss Beatrice Politt is visiting her cousin, Miss Burtle, of Augusta.

Messrs. William Dinger and William Shuman are spending a day or two at Cincinnati.

Miss Ethlene Wall left yesterday for Cincinnati to spend the summer with her cousin, Miss Ethel Buckner.

Miss Katharine Reed, of the Fifth ward, is visiting her aunt Mrs. Ella Adanson, at Cottage Hill, Cincinnati.

After spending a short time in this city and vicinity, Dr. J. C. Norris left yesterday for Winchester, accompanied by Dr. Marsh, who goes thence to Muncie, Ind.

Railway News.

Miss Maggie Allison, of "Sunny Bank," is visiting the Misses Power, of "Stone Terrace."

Captain Gus Honshell, District Passenger and Freight Agent of the C. and O., was in town yesterday on business.

The L. and N. will show an increase of nearly a quarter of a million this year, the increase up to date being \$238,984.

The Louisville Southern extension is being completed very rapidly, and the track is now within four miles of Versailles.

Passenger men report that the travel on the Fourth of July on the low rates was the largest ever known on this holiday, trains being loaded in all directions.

There has been a noticeable improvement in C. and O. business of late, and the movement of tourists to the springs makes it almost impossible to secure sleeping-car space without reserving it several days ahead.—Courier-Journal.

At Winchester, a special election has been ordered for July 16, to take the sense of the people in regard to subscribing \$100,000 to the capital stock of the Louisville, Cincinnati and Virginia railroad, from that city to the mountains of Eastern Kentucky.

Says the Railway Age: "In respect to the number of roads which have confessed insolvency during the past six months, the showing is not alarming, but the amount of mileage and capital which these defaults have placed in the hands of the courts is very large, covering almost 2,700 miles of railways and over \$125,000,000 of apparent investment. Compared with the same period of the last five years, the record shows as follows: In 1885 the capitalization of roads thrown into receivers' hands was \$347,780,000; 1886, \$43,316,000; 1887, \$18,010,000; 1888, \$153,650,000."

JOE MULHATTON must have struck Paris last Monday. A telegram from there says: "John Deaver's fine young trotting colt by Don Carlos, dam by Don Wilkes, stuck its head through a hole in the barn and threw its feet from under itself, deliberately committing suicide. He was valued at \$500." This story is on a par with one from there not long ago, telling how a cow waded into a pool and drowned herself because her calf had been sold and taken away.

For the Census Office.

Qualifications of Applicants for Appointment.

THOSE ALREADY SELECTED.

No More Selections to Be Made Until After the First of September—A Present to Secretary Rusk—Appointments. Other Dispatches From the National Capital.

WASHINGTON, July 10.—Secretary Noble has appointed the following board of examiners to pass upon the qualifications of applicants for appointment in the census office: F. L. Campbell, a clerk in the office of the secretary of the interior; Josiah C. Stoddard, disbursing officer of the census bureau; W. C. Hunt, special agent in charge of social statistics of the census. The board is directed to formulate the necessary rules for its guidance and to prepare examination papers for applications and submit them as soon as practicable to the secretary of the interior for his approval.

The board expects to be in active operation in about a month.

Secretary Noble said that no more appointments, except those already determined upon, will be made in the census office until after September 1, and then appointments will be made from the list of applicants who have passed a successful examination before the board of examiners. To this board all applications and applicants coming along between now and September 1, will be relieved to a great extent of the burden of making examinations. Superintendent Porter says he will now devote his time to mapping out the work of the census and selecting the 175 supervisors. Each supervisor will have under him about 350 enumerators.

The Government Will Assist.

WASHINGTON, July 10.—Frank Brown, president of the Maryland Exposition association, has requested the secretary of war to permit the present garrison of Fort Mifflin, consisting of three batteries of the third artillery, to co-operate with the citizens of Baltimore in celebrating the anniversary of the battle of North Point. The secretary has approved the request. Mr. Brown, in his letter of request states that the Maryland State Agricultural and Mechanical association and other bodies of the city of Baltimore, contemplate holding a grand state fair on the Pinckney fair grounds during the week commencing Sept. 9, 1889. Historical scenes will be reproduced at the exposition and the artillery is desired to make more effective a sham battle which it is proposed to have.

Changes in the Pension Office.

WASHINGTON, July 10.—There is considerable uneasiness in the pension office over impending changes, especially in the board of medical examiners. This board is composed of twenty-two members, and it is said to be almost unanimously Democratic. Commissioner Tanner refuses to state reasons, if any, were assigned for the removals yesterday. He says, however, that changes will be made in the personnel of the board from time to time. Among officials in the interior department outside of classified service the opinion prevails that numerous changes are impending.

New Postmasters.

WASHINGTON, July 10.—The president late yesterday afternoon appointed thirty-three postmasters, as follows:

New Hampshire—Jesse Tuttle, at Berlin Falls; F. W. Peavy, at Wolfborough. Massachusetts—Charles H. Stacey, at West Newton. New York—Edward Daniels, at Sherburne; W. A. Ferris, at Lima; J. A. White, at Deposit, and E. W. Addis, at Brewster. New Jersey—T. E. Hayes, at Bloomfield; L. B. Gibbs, at Hackensack. Pennsylvania—S. M. Long, at Manheim. Ohio—Alfred C. Navagon, at Canal Dover. Michigan—C. C. Stephenson, at Escanaba.

Secretary Rusk's Present.

WASHINGTON, July 10.—Secretary Rusk, of the agricultural department, has been presented by Gen. Felix Agnus, of the Baltimore American, with the full-blooded Percheron mare which Secretary Rusk rode at the time he drove the hay wagon with the newspaper men to Gen. Agnus' farm, Nacirema, a few weeks since. The mare is named Maryland Daisy, and is by Imported Sultan, out of a full-blooded Percheron mare, imported by W. T. Walters.

Pension Office Overruled.

WASHINGTON, July 10.—Assistant Secretary Bussey has overruled the pension office and granted a pension to Solomon Dudley. The evidence shows that Dudley received a wound in the arm by the bursting of a gun barrel which he was using as a poker at a camp fire while preparing supper. It is held that he was in the line of duty at the time, and the accident was not the result of culpable negligence.

Presidential Respite.

WASHINGTON, July 10.—The president has granted a respite in the case of Frank Capel, convicted of murder committed in Indian territory and sentenced to be hanged July 17. A respite is given until August 9 in order to give the president an opportunity to examine the case. His sister is here seeking his pardon.

Ordered Home.

WASHINGTON, July 10.—The officers of the vessels wrecked at Samoa, with the exception of Surgeons White and Norfleet, have been ordered to their homes from San Francisco, where they arrived last Saturday.

Back in Washington.

WASHINGTON, July 10.—Mr. Walker Blaine, solicitor of the state department, has returned from New London, Connecticut.

WRECKED AND BURNED.

Thirteen Coal Cars Demolished on the Pennsylvania—Three Tramps Killed.

PITTSBURGH, July 10.—As far as known the freight accident on the Pennsylvania railroad, near Wildmerding station, twenty miles east of this city, last night, resulted in the death of three persons and the injury of three others. Their names were:

Killed—William Connelly, bootblack, aged about 15 years, residence Pittsburgh. Killed outright.

John Hide, newsboy, aged 15 years, residence Pittsburgh, died on way to hospital.

An unknown man about 25 years old; died at hospital.

Injured—Andrew Kennedy, newsboy, aged 14 years, Pittsburgh, right arm and thigh broken; probably fatally hurt. Alfred Young, colored, aged about 25 years, Lima, O., contused back and otherwise seriously injured; John Kennedy, aged 23 years, Milwaukee, badly out and bruised; will probably recover.

A number of others were reported to have been caught in the wreck, but no trace of them has yet been found. The accident was caused by a broken wheel.

The train, which consisted of thirty-seven loaded freight cars and two engines, left this city for the east about 8:30 o'clock last night, and the accident happened at 10 o'clock. Thirteen cars were completely demolished. The wreck immediately took fire, and was entirely destroyed. None of the trainmen were injured. The killed and injured, with the exception of Kennedy and Young, were stealing their way to Johnstown.

A tramp, who escaped, said there were at least twenty-five persons on the train, but, as nothing can be found of their remains, it is thought this was untrue. Trains east and west were delayed several hours, both tracks being blocked. The damage will reach many thousands of dollars.

CARELESS HANDLING OF POWDER.

Injured By the Premature Explosion of a Blast.

NORTH VERNON, Ind., July 10.—A sickening accident occurred here yesterday afternoon, which resulted in severe injuries to the city marshal, George W. Shaffer, and probably fatally injured a colored man named Bryant Litsey. Mr. Litsey, who is an employee in Gesmer's stone quarry, was engaged in putting in a blast. He had poured in some powder, and was tamping down a handful of dirt, when the powder exploded.

Litsey received the charge in his face, horribly tearing and mauling it, and probably destroying his sight. Mr. Shaffer, who was standing near, was thrown down and terribly bruised and blackened about the face. Bryant Litsey is one of the most industrious and honorable of our colored citizens, and has the sympathy of the entire community in his terrible misfortune which may cost him his life.

An Overflowed River.

LONDON, July 10.—The River Indus has overflowed its banks at many points and ten feet of water covers the country for miles on either side. Forty people are reported drowned.

A Military Order.

WASHINGTON, July 10.—Gen. Schofield, with the approval of the secretary of war, has directed the adjutant general to inform Gen. Crook to use the entire Second regiment of infantry for distribution to the camps of the Iowa National guard during the annual encampment instead of going to the department camp of instruction at Fort Robinson, Neb.

Glass-Workers' Convention.

PITTSBURGH, July 1.—The National convention of the American Flint Glass-Workers' association met at Bellairs, O., Monday, and will remain in session all week. Nearly 200 delegates were present from all parts of the country. The session was devoted to the reading of reports and routine business. No trouble is expected on the wage question this year except among the shade and chimney men, who have not been able to settle their differences with the manufacturers.

Training in Civilization.

INDIAN SCHOOL, CARLSBIE, Pa., July 11.—One hundred and seventeen young Indians belonging to tribes in Dakota, Montana, Nebraska, Wisconsin, Indian territory, New Mexico and Arizona, have finished a five years' course at the government school here, and left for their homes. Six were regular graduates. All speak English. The young men have had good training as mechanics and farmers, while the girls have been well instructed in household duties.

Jealousy Causes a Murder and Suicide.

SAN JOSE, Cal., July 1.—Mrs. Jessie Hunter was shot and killed by a saloon keeper named Park at Agnews, four miles from here, Saturday night. Park then shot himself in the left breast and died from his wound Sunday. The woman had been living with Park and the shooting was the outcome of jealousy.
